

THE MEDICAL ADVOCACY TEAM

Never worry about finding care again. Let our experts find quality providers in your area—and pay in advance.

With the Zion Health medical advocacy service, you have a team of experts that's always just a phone call away. If you need to find a new provider or receive a medical service, we will determine need eligibility, find the best facility, negotiate payment for you, help schedule your appointment, and pay in advance.

It's just one way we make the HealthShare experience better for you.

1. We coordinate payments for services prior to your visit.
2. We find providers and facilities who offer the highest quality.
3. We schedule visits and coordinate follow-up care.
